OCTOBER 2020

G&P Group

The G&P Group is Griffiths and Partners (“G&P Attorneys”), G&P Corporate Services Limited (“G&P Corporate”) and Coriats Trust Company Limited (“Coriats”) and the teams respectively provide legal services, corporate services, and trustee services to a range of Turks and Caicos Islands and international clients.

G&P Attorneys has five partners, Conrad Griffiths, David Cadman, David Stewart (who is also the Managing Director of Coriats), Oliver Chapman and Luca Bonetto. Together with talented attorneys and staff with local and international experience the law firm is full service, focused upon litigation, property law, corporate law, and private client. G&P Corporate offers corporate services such as incorporation, registered agent services, and business licensing services. Coriats, the most recent addition to the group, is a full-service trust company founded in 1978, making it the oldest Turks and Caicos Islands trust company.

Client Focus

Each G & P company is set-up to meet the needs of its client base.

The goals of the G&P Group are to provide the best possible client service advice. To ensure this, each company functions separately and independently from the others.

This allows for complete confidentiality and an independent approach. At the G&P Group we are always striving to find ways to innovate and further improve our offerings.

Our new campus

Our new campus is a significant expansion of the original G&P Attorney offices located just off Leeward Highway on Cherokee Road.

The expansion was designed to cater to the growing needs of the business and to create an exemplary client experience. The buildings are designed with spacious conference rooms, and private offices. Each location welcomes clients into its own lobby area. The main entrance to the G&P Attorney offices

remains the second left turn off Cherokee Road. Additional parking and the main entrance to Coriats offices are located on the first left turn off Cherokee Road. We are excited to have settled into our newly renovated offices. The campus design means the Group is located together for the first time, and we are confident our new offices will help us to deliver on our vision to become the leading one-stop professional services firm in Turks and Caicos Islands. We look forward to welcoming you to our new location and to providing you with quality service and exemplary advice.
